Featured Employer: BioReliance

BioReliance provides testing and manufacturing services that span the product cycle from early pre-clinical development through licensed production. Our goal is to advance the development and delivery of healthcare products through testing, development and manufacturing services in partnership with clients worldwide. When you join BioReliance, you will become part of an organization known for its passion, enthusiasm and in-depth scientific and regulatory knowledge. You will play an integral part in enhancing patient's lives. We achieve our spirit through engaging with our employees while promoting diversity and unity in our multi-cultural, global environment. We also thrive on career development and training which allows us to enhance our science and innovation across our organization. We believe that in order to attract and retain a diverse, skilled, motivated and committed workforce we must create an environment that supports and encourages the highest level of achievement. Our employees are dedicated to their jobs, to BioReliance, to their colleagues, and, most of all, to our clients. They appreciate the value of collaboration and teamwork. In turn, BioReliance works to provide programs under which employees can develop personally and professionally.
