

Hot Jobs, Cool Internships Newsletter
Engineering
October 23 – October 29

You will be receiving this newsletter every Friday. We'll also be posting all three newsletters on our website at <http://www.jhu.edu/careers/students>.

Featured Employer: DRS Technologies

DRS Technologies provides leading edge products and services to government and commercial customers worldwide. Focused on defense electronics, we develop and manufacture a broad range of mission critical systems and components in the areas of communications, combat systems, battlefield digitization, electro-optics, power systems, data storage, digital imaging, flight safety and space.

Systems and Software Engineers

As a Software Engineer you will face a host of career building challenges from day one. You will work in a hands-on environment with a diverse team of technical professionals during all phases of the software development life cycle (requirements, design, implementation, testing, deployment, and maintenance).

As a Systems Engineer you'll face a host of exciting challenges – from analyzing systems for performance and using your programming techniques to assure efficient program logic to recommending hardware, software and services for acquisition and use.

Please apply through J-Connect for Job ID 13135, the deadline to apply is November 1, 2009.
