

Scientific Seminar Series Online

The 2006 Scientific Seminar Series is a series of free, educational online seminars that provide novel tips, best practices, and proven techniques to help you with your research needs. From Cell Culture to Microarrays, these online seminars include information regarding the latest innovations and applications being utilized by leading researchers worldwide to maximize their results.

Seminar	12 noon-1 pm U.S. Eastern Time	10-11 am U.S. Eastern Time
<u>Cell Culture Contamination, Every Researcher's Nightmare! Part I: Understanding Culture Contamination</u>	<u>Sept. 12</u>	<u>Sept. 14</u>
<u>Cell Culture Contamination, Every Researcher's Nightmare! Part II: Good Aseptic Technique</u>	<u>Sept. 19</u>	<u>Sept. 21</u>
<u>Cell Culture Contamination, Every Researcher's Nightmare! Part III Managing Culture Contamination</u>	<u>Sept. 26</u>	<u>Sept. 28</u>
<u>Optimizing Cell Based Assay Performance</u>	<u>Oct. 17</u>	<u>Oct. 19</u>
<u>Day-to-Day Culture Management for Happier Cells</u>	<u>Nov. 14</u>	<u>Nov. 16</u>
<u>Drug Screening and Chemotaxis using Permeable Supports</u>	<u>Dec. 5</u>	<u>Dec. 7</u>

Participating is easy:

Simply register by visiting www.corning.com/lifesciences and follow the registration link. All seminars are powered by Interwise®, the latest in webcast presentation technology so you can participate from the comfort of your own lab or office or even from home. Seminars will be recorded and posted for you to download and play at any time.

Attendees will receive a free copy of Corning's **Tools for Cell Culture** or **Tools for Assay & Microplates** binder including technical documents and application notes.
