Please print out a copy of your transcript to take to your advisor when planning your fall coursework.

The Registrar's Office now has a direct link to the ACE Guide from our home page at <http://www.jhu.edu/registrar>. Use the guide for reference before seeing your advisor to plan the spring 2010 course schedule.

To prepare for Web Registration, you must take care of the following by Friday, November 13th:

- 1. Engineering Students: The Advisor Hold must be released.**
See your faculty advisor during the week of November 9th - November 13th to discuss your spring 2010 course schedule. The advisor will remove your Adviser Hold at that time.

Arts & Sciences Students: The Advisor Hold must be released.
See your advisor as per your instructions from the Office of Academic Advising.
- 2. Check to see if you have holds. If you see the word "Alerts" in red above the toolbar in ISIS for Students, click to see what is required to release the hold(s). Once you have completed what is required, the alert disappears the next time you log back into ISIS for Students.**
