Featured Employer: Deloitte Consulting

Deloitte Consulting LLP is one of the world's leading consulting firms for business strategy, operations, technology, and human resources planning. Deloitte Consulting provides services that are designed to bring together the unique experience, scale, and capabilities of their professionals to help clients in their efforts to address their most complex business problems. Deloitte Consulting's unique organizational structure and collaborative approach facilitates the integration of consulting services with the services provided by the other Deloitte U.S. Entities. Clients depend on Deloitte Consulting for straightforward advice and results that help them create value. With nearly 10,000 employees in more than 80 U.S. cities, Deloitte Consulting leadership understands that people are their most precious resource. They also know that serving their clients and helping them and their people excel demands a diverse range of skills, talent, experiences, and backgrounds.

Job Description – Human Capital Analyst, Deloitte Consulting

Our Human Capital professionals deliver services designed to provide a unique 360 degree view of HR to help companies in their efforts to address all of their people touch points—from leadership and employees to customers and vendors. Ultimately, it is our mission to help companies enhance their value through people. We are part of the second largest HR consultancy in the world that includes more than 7,000 practitioners in 55 major offices globally, with a focus on both HR as a function and HR and people issues in business operations.

If you are beginning a career in management consulting and have an interest in the HR aspects of business, joining our Human Capital Analyst program could be your smartest move. Our Human Capital professionals focus on helping our clients in their efforts to integrate people performance with business strategy. Our consultants assist clients in all aspects of retaining, motivating, developing, compensating, and benefiting people, including consulting to organizations on ways to effectively deliver and operate the HR function and deal with HR and people issues within their business operations. It is a genuine opportunity to work on real challenges to help clients more effectively deal with their human capital and people issues within the context of business operations and organization performance.
