

Assistant Professor of Biology, Brooklyn College of CUNY, Brooklyn, NY

The Department of Biology seeks candidates for a full-time tenure-track Assistant Professorship in Prokaryotic Microbiology. The position includes appropriate laboratory space, a suitable start-up package and a competitive nine-month salary. Responsibilities begin mid-August 2012 and include teaching undergraduate and graduate courses that relate to the candidate's professional background, participation in the CUNY Biology and/or Biochemistry Doctoral Program, and development of a strong externally-funded research program that trains undergraduate and graduate students. Review of applications will begin Nov 1, 2011 and continue until the position is filled. Women and minorities are encouraged to apply. Please see:
