

Tenure Track Faculty Position in Biochemistry at Indiana University Bloomington

A new Department of Molecular and Cellular Biochemistry at Indiana University-Bloomington (<http://www.indiana.edu/~mcbdept>) invites applications for a tenure-track Assistant Professor position. Applicants from all areas of biochemistry will be considered. This position is part of the continuing expansion of biochemistry at IU Bloomington that includes a recently completed multidisciplinary research building that houses biochemistry, chemistry and physics laboratories and instrumentation centers for state-of-the-art NMR, x-ray crystallography and cryo-electron microscopy. The successful candidate will be provided with a competitive startup package and salary, be expected to develop a vigorous, externally funded research program, and to participate in undergraduate and graduate teaching.

Applicants should e-mail a single pdf file containing a curriculum vitae, a statement of research (past, present, and planned), teaching interests, and representative publications and preprints to: bchem@indiana.edu using "MCB Faculty Position" in the subject line or by mail to: Susanne Kindred, Molecular & Cellular Biochemistry Department, Simon Hall 003, Indiana University, Bloomington IN, 47405. Please arrange to have four letters of recommendation also sent by e-mail to the same address. Review of completed applications will begin November 1 and continue until the position is filled. Indiana University is an Affirmative Action/Equal Opportunity Employer. Women, minority candidates, and couples are encouraged to apply.
