

Epidemiology Tenure/Tenure-track Faculty Positions, The University of Texas MD
Anderson Cancer Center, Houston TX

The Department of Epidemiology is seeking applicants for several tenure/tenure-track faculty positions at any rank to complement our ongoing research. Investigators with expertise in epidemiological methodology, biostatistics, nutritional science, and translational epidemiology are encouraged to apply. The selected candidates will have the opportunity to participate in ongoing research with world-class clinical and laboratory researchers.

The applicant should have a doctoral degree in epidemiology, statistics, nutrition, genetics, molecular biology, or related field and a record of excellence in research as demonstrated through publications and the ability to obtain extramural grant research. A successful candidate will be expected to develop an original, creative and independent research program. Academic rank will be commensurate with experience and qualifications.

Interested researchers should send a letter of intent, curriculum vitae, names and addresses of three references and a brief summary of past research accomplishments and future research plans to:

Epidemiology Search Committee Chair
Department of Epidemiology, Unit 1340
The University of Texas MD Anderson Cancer Center
1155 Pressler Street, Houston, TX 77030
