

## **Postdoctoral Position**

A postdoc position is available in the Sohn lab at the Department of Biophysics and Biophysical Chemistry.

We are interested in studying the structure and function of *Inflammasomes*.  
(<http://biophysics.med.jhmi.edu/BIOPHYS/sohn.html>)

**Requirements:** Ph.D. in biological science with emphasis on protein biochemistry and/or X-ray crystallography

**Applicants:** Send CV and contacts of three references to J. Sohn:
