

## Reader Needed Immediately!

Job Description: Read and record specialized, complex public health articles and related material for use by persons needing accommodations to access written information, and upload to audio files. Only need the main text of each paper read (ideally, with the reader noting the title, author, and page numbers). Do not need the figures or tables described, and do not need the in-text citations or references read, just the main body of each paper. Use appropriate techniques for reading based on the client needs and complexity of material. Respond to production deadline changes based on client need. Pick up and deliver written documents according to predetermined instructions. Properly label recorded materials. Maintain necessary time records.

The student who needs the service has a DropBox folder where the reader can upload audio files.

### Requirements:

- Ability to speak clearly & distinctly.
- Ability to read graduate level reading material.
- Disability Support must be able to contact you by phone or email
- U.S. citizen
- Experience reading for persons needing accommodations preferred.

Pay: \$10/hour
