

Stem Cell Scientist - Kelly Government Contractor at NIH - Bethesda, MD

This is a long-term contract position which offers:

- Competitive salary with comprehensive benefit package
- Free training and tremendous growth opportunity
- Opportunity to work at NIH, world's foremost medical research center

TASKS/SERVICES: The contractor shall:

- (1) Perform cell culture related practices on human pluripotent stem cells and somatic cells
- (2) Lead staff to develop new technologies related to stem cell differentiation
- (3) Work with staff to train fellow researchers on pluripotent stem cell culture techniques
- (4) Perform experiments using molecular biology, protein chemistry and cell biology
- (5) Perform experiments using in vitro and in vivo model systems
- (6) Collaborate with and assist staff as needed; acquire or develop new experimental skills as needed
- (7) Conduct inventory, ordering, and organization of laboratory supplies
- (8) Organize laboratory animal and protocol management in consultation with staff and maintain lab equipment
- (9) Work with staff to document, review and analyze data; generate illustrations and publish results
- (10) Present findings at laboratory meetings; prepare manuscripts for publication in peer-reviewed journals
- (11) Keep abreast of relevant literature, particularly new approaches; participate in career development activities to broaden knowledge

REQUIREMENTS: The contractor ideally would have:

- (1) Ph.D. or equivalent degree in biological sciences or related field
- (2) Minimum of two (2) years experience related to pluripotent stem cells
- (3) Human pluripotent stem cell experience will be a plus
- (4) Background in biology, biochemistry and/or cell biology with experience in molecular biology and protein chemistry
- (5) Ability to perform in vitro experiments
- (6) Experience with Microsoft Office Suite (MS Word, Excel, PowerPoint, Outlook) and data acquisition programs
- (7) Strong independence and leadership in research
- (8) Strong communication skills, both oral and written
- (9) Excellent organizational and time management skills
