

Visiting Assistant Professor Position in Genomics, Bryn Mawr College, Bryn Mawr PA

The Department of Biology at Bryn Mawr College seeks applications for a Visiting Assistant Professor at the rank of Lecturer in genomics during the 2011-2012 academic year, with the potential to renew for a second year.

Courses to be taught include two in genomics or bioinformatics, one of which should have a laboratory component, as well as an additional course in one's area of expertise. Salary and benefits are commensurate with the total number of contact hours.

Requirements:

A doctorate and one year of postdoctoral research or relevant teaching experience is required. Applicants with experience using genomic/bioinformatic approaches in their research are encouraged to apply.

To apply:

Submit a cover letter, curriculum vitae, teaching philosophy and a list of potential courses to be taught as a single pdf document to Biology Search Committee c/o jjacoby@brynmawr.edu. In addition, arrange to have three letters of recommendation sent via e-mail.

Applications will be accepted immediately and will be considered until the position is filled.
